

The following information is provided to assist in preparation for your application and review of your proposed event.

All trade shows and exhibits must conform to the requirements of the adopted codes and ordinances of the Village of Schaumburg including the International Fire Code (IFC, 2003 ED) and applicable National Fire Protection Association (NFPA) standards.

All exhibits and trade shows require 'Floor Plan' review and approval. Each event will be required to fill out a Floor Plan Approval Application, and have a floor plan attached showing the layout of the event in relation to the fire exits, restrooms, and concessions. In addition, an Exhibitor Approval Application will also need to be filled out for those individual booths needing additional review and approval if any are proposed to have compressed and flammable gases, cooking and open flames, hazardous materials, vehicle displays, enclosed and two story exhibits and other conditions that increase the risk to fire and life safety. Written approval will be issued to those booths and exhibits based on satisfactory review of the application.

An Exhibitor Approval Application is also required for certain Building/Electrical, Health, and Finance/Revenue exhibit and/or trade show activities and services as indicated herein.

### **Submittals**

Floor plans (ten copies) of all exhibit and trade shows are to be submitted to the Renaissance Schaumburg Convention Center (RSHCC) for review and approval. The RSHCC will submit the floor plans and event planning documents to the Village of Schaumburg for approval. Two of the ten copies will be retained by the Village of Schaumburg Fire Marshal. An approved copy will be provided to the event client. A copy of the approved plans must be available on site. Floor plans should be submitted for approval prior to the commitment of booth or exhibit space; however a minimum of sixty (60) days is required before the event. Subsequent changes in the floor plan require review and approval.

Floor plans (1/8" scale) shall include the following information: Name of show, date(s) of the event, type of show, square footage, floor plan developer and date of initial drawing. Indicate the estimated total, peak, and per day attendance, size and location of all aisles, exits (identified in RED), booths, food concessions, prefunction and registration areas, drapes (indicate height) and other displays. All pertinent data regarding flame retardant treatment used on combustible materials must be included with the plans. Exhibits required to have 'special approval' as indicated herein are to be specified.

### **Life Safety**

Fire lanes, fire hydrants and fire department connections shall not be obstructed at any time.

The occupant load of the exhibit hall and any meeting rooms and ancillary areas may not be exceeded.

All required exit accesses, exits and exit discharges shall be maintained free from obstructions and impediments. No display or exhibit shall be installed or operated as to obstruct exits, interfere with access to or with the visibility of any required exit sign.

Exits and aisles shall be located so that the maximum travel distance to an exit shall not exceed 250 feet. Dead end aisles shall not exceed 20 feet in length.

A twenty foot clear width is required in front of all exits. All perimeter aisles shall be a minimum of 10 ft. wide. All cross aisles shall be a minimum of 8' ft. wide. Aisles shall be completely clear and unobstructed during show hours. No obstructions of any sort including tables, chairs, or portable concessions shall be permitted to reduce the clear width of the aisles. A minimum 20 ft. clearance to include the ten foot aisle width must be maintained in front of the concession stands.

Fire fighting and emergency equipment shall not be hidden or obstructed, including fire extinguishers, fire hose cabinets and fire alarm pull stations.

The Renaissance Schaumburg Hotel and Convention Center is a smoke free environment. No smoking is permitted within the hotel, convention center exhibit areas or any associated areas at any time, including during set-up and take-down procedures.

### **Exhibits**

All curtains, drapes, decorations and decorative or construction materials are to be non-combustible or flame retardant. Documentation of same must be provided on site. These requirements are subject to field verification.

Exposed foam plastic materials and unprotected materials containing foam plastics used for decorative materials or exhibits shall have a maximum heat release of 100 kilowatts (kW) when tested in accordance with UL 1975.

Plans (four copies) for multi-level exhibits must be submitted no later than 60 days prior to installation. The plans must be sealed and certified by a licensed structural engineer or architect.

Single level exhibit booths exceeding 300 square feet and covered with a ceiling and all multi-level exhibit booths covered with a ceiling require an automatic extinguishing system.

The upper deck of multi-level exhibits exceeding 300 sq. ft. shall have not less than two remote means of egress.

The travel distance within an exhibit booth or exhibit enclosure to an exit access shall not exceed 50 feet.

All exhibit booths must maintain clear and appropriate exits from the booth. Any enclosed booth of 750 square feet or more must have a minimum of two exits as remote from each other as possible.

Combustible materials within the exhibit booth shall be limited to a one day supply. Storage of combustible materials behind the exhibit booth shall be prohibited.

Booths or exhibits must be cleared of combustible trash or rubbish as necessary but at least on a daily basis.

All electrical equipment used or exhibited must be listed by an approved agency.

All temporary wiring must meet the requirements of the Village of Schaumburg Electrical Code. All extension cords must be 14 gauge, 3 wire minimum. Multi-plug connectors must be UL listed with built-in overload protection. The installation of extension cords beneath carpeting, where permitted, must be performed by the RSHCC authorized personnel.

Hardback booths must have nine inch (9") clearance from rear booth boundary line and eighteen (18") from solid walls.

All gas appliances shall be AGA approved and installed in accordance with the International Fuel Gas Code (IFGA) and the International Mechanical Code (IMC).

No hazardous displays shall be permitted in the exhibit area without special approval issued by the Schaumburg Fire Department.

### **Cooking Exhibits**

Cooking and food warming devices used in exhibit booths shall comply with the following:

- The use of LP gas shall be limited to (1) 12-lb water capacity (5-lb LP-Gas capacity) cylinder to be used for cooking demonstration purposes only. A 20' separation is required from other LPG containers. Spare cylinders shall be inaccessible to the public and stored in a caged container.
- Cooking devices shall be separated from the public by not less than four feet or by a barrier.
- Ventless exhaust/suppression systems are required for grease laden vapors.
- Deep fat fryers are to be thermostat controlled.
- Combustible materials will not be located near deep fat fryers.
- One K type extinguisher shall be provided for deep fat fryer units. A 4A60BC extinguisher shall be provided for all other cooking appliances.
- Chafing dishes are to be designed for a shelf for the fuel or the dish is to be placed on a sheet pan.

In addition to the above, all requirements of the Schaumburg Community Development Department/Environmental Health Services as applicable must be met.

### **Vehicles**

Vehicles on display within the exposition facility must comply with the following requirements:

- Batteries are to be disconnected.
- Fuel in the fuel tank is to be no more than five gallons of gas or exceed  $\frac{1}{4}$  the capacity of the fuel tank, whichever is less.
- Fuel tanks and fill openings are to be closed and sealed with locking caps to prevent tampering.
- Vehicles, boats or other motor craft equipment are not to be fueled or defueled within the building.
- Vehicles shall not be moved during exhibit hours.
- Ignition keys are to be removed and placed in a central location site.
- The position of vehicles is subject to approval.

### **Machinery and Equipment**

Operating machinery and equipment within the exhibit area must have necessary safeguards to protect the public from injury.

### **Special Approval**

### **Tents/Canopies/Bleachers**

The installation of any tent or bleacher will require a Special Event Permit application to be submitted to the Village of Schaumburg Community Development Department for review and approval in accordance with IFC and ICC/ANSI 300 as applicable.

### **Crowd Managers**

Trained crowd managers shall be required at the determination of the Fire Marshal for events when the occupant load may exceed 1000 occupants.

### **Fire Guard**

Whenever, in the opinion of the Village of Schaumburg Fire Department, it is essential for public safety, a fire guard shall be required as approved by the Village of Schaumburg Fire Department.

### **First Aid**

Staffing of the first aid room shall be required based on the nature and anticipated attendance of the event. Paramedic services, when provided, shall be required to meet the requirements of the Northwest Community Hospital Emergency Medical System.

### **Building / Electrical**

Permits will be required for any alteration made to building systems such as electrical, mechanical, plumbing, etc. Plans for the alterations shall be submitted with the permit application for review and approval prior to work starting. All permitted work shall be inspected by the Village of Schaumburg Community Development Department / Building Division. Any exhibit electrical requirements requiring in excess of 60 AMPS/ 480 Volts service will also require an electric permit and a site inspection.

### **Consumable Goods**

Food being prepared for sale or giveaway by an exhibitor shall fill out an Exhibitor Approval Application. The exhibitor shall be interviewed and the booth shall be inspected by the Village of Schaumburg Community Development Department / Environmental Health Services Division. The following is a list of requirement:

- All food shall be obtained from approved sources complying with applicable State of Illinois Rules and Regulations. Home canned and home prepared foods are prohibited.
- If potentially hazardous foods are sold or served, they shall be prepared and packaged in an approved facility that complies with applicable State Rules and Regulations. Internal temperature of potentially hazardous foods shall be maintained at 41 degrees F or below, or 140 degrees F or above.
- Potentially hazardous foods shall be cooked to the required internal temperature:
- Poultry – internal temperature of 165 degrees F for 15 seconds.
- Pork, ham, and all ground meats – internal temperature of 155 degrees F for 15 seconds
- All other potentially hazardous foods – internal temperature of 145 degrees F of 15 seconds.
- The menu should be planned to avoid having any leftover food. Prepare perishable foods in small quantities. Leftover potentially hazardous foods shall be discarded and not be offered for sale on the following day.

- Ice, which will be consumed or will come into contact with food, shall be obtained from an approved source.
- Handling of food shall be minimized by the appropriate use of utensils such as deli tissue, scoops, tongs, spoons, forks, spatulas, or single-use gloves.
- All food on display shall be adequately covered and be protected from cross contamination. Effective shielding may also be provided.
- Condiments shall be individually packaged or dispensed from an approved dispenser.
- All equipment to be kept clean and sanitary.
- Strict attention shall be given to personal hygiene. Conveniently located hand washing stations are required for individuals handling and preparing food.
- Depending upon the event, centralized areas may be established for the storage of food, hand washing, and other food related activities.
- Food handlers shall have taken an approved food safety course and be certified.

### **Service Performed on People**

All exhibitors and vendors performing services on people which may include but not be limited to facials, hair styling, tattoo, piercing, and massage shall follow State of Illinois rules and possess appropriate certifications or licenses for conducting the specific activity. The certification or license shall be posted and be on display for inspection. The exhibitor shall also practice good hygienic methods to prevent communicable disease. An Exhibitor Approval Application shall be filled out by the exhibitor. The exhibitor shall be interviewed and the booth shall be inspected by the Village of Schaumburg Community Development Department / Environmental Health Services Division.

### **Animal Exhibits**

All animal exhibitors shall follow state and federal rules for animal handling and care. Proper certificates, licenses, vaccines, and documentation may be available for review. An Exhibitor Approval Application shall be filled out by the exhibitor. The exhibitor shall be interviewed and the booth may be inspected by the Village of Schaumburg Community Development Department / Environmental Health Services Division. When animals are exhibited, the floor plan shall be reviewed for placement of additional hand washing stations and to restrict contact and cross contamination of any food service areas with the animals.

### **Taxes on Food and Beverage Sales**

All food and beverage sales are subject to a locally imposed 2% Food and Beverage Tax. This tax must be collected on all food and beverage sales and remitted to the Village of Schaumburg. A registration form must be completed before the event and is available from the Village of Schaumburg Finance Department at 847-923-4532.

### **Amusement Surcharge / Admittance Fees**

All admittance fees are subject to a 5% Amusement Surcharge. This tax must be collected from all patrons who pay for admittance or amusement.
